

FEMALE EMPOWERMENT

Unlocking MENA girls' potential through impactful education.

Women are powerful catalysts for change. We need them as active participants, decision-makers and leaders at every level of society and in every part of the world. Education has been recognized as fundamental to the empowerment of women. Especially for girls in the Middle East and North Africa (MENA region) qualitative education would be a major step forward, yet this remains, too often, beyond their reach.

At UWC Maastricht we ensure that girls learn and feel safe while in school. This allows them to complete education while acquiring the knowledge to become self-supportive and to gain the life skills necessary to navigate our changing world. They learn to make their own decisions and how to advance their communities and beyond. In this way, girls can truly make a difference in contributing to an equitable, sustainable and peaceful future for us all.

It is, therefore, our ambition to empower at least five talented girls from the MENA region annually by offering them a place at UWC Maastricht. With a scholarship up to €25.000 per year for female students with a vulnerable socio-economic background, we provide an education that prioritizes ethical leadership, the exploration of intercultural and societal differences and community service.

Network for support, inspiration & connection

Together we can make a case. We are looking for partners who, through (financial) support and their network and ambassadorship, want to be involved. Supporters of our girls are united in a dedicated network that allows for inspiring, intercultural and intergenerational exchanges between members and our students. We invite you for events that are eye-opening, educational and inspiring. Through interactions with our students you will see the world through their eyes; giving you plenty of food for thought to make you, and your company, ready for the next generation!

Girls' education goes beyond getting girls into school.

» MEMBERSHIPS

Donations from € 1.000

Personal membership:

- Name on uwcmastricht.nl
- Bi-annual updates on the scholarship beneficiaries
- Invitation to the annual Female Empowerment Network Event held around International Women's Day (8 March)
