75%

Approximately 75 percent of the Class of 2023 do not speak English as a first language and come from diverse cultural backgrounds, including some who have experienced interrupted or limited education due to migration and/or conflict. The rigorous IB Curriculum can prove particularly challenging for those students who are still developing their proficiency in English so as a result, ELL support is provided for students arriving with beginner or pre-intermediate proficiency in English.

INTERNATIONAL BACCALAUREATE MIDDLE YEARS PROGRAMME (IBMYP)

The International Baccalaureate Curriculum in our Middle Years Programme enriches students, aged 11 – 16, both inside and outside the classroom. It ensures breadth and depth of knowledge and understanding. All MYP students choose subjects from the following eight groups:

In addition, all MYP students study Dutch language. All MYP students complete Service as Action activities and projects, such as Youth Mayors, Erasmus Project or MUN. All MYP4 students participate in The Duke of Edinburgh's International Award - Bronze. In the final year of MYP, as a way to consolidate the MYP experience, all students complete a Personal Project: an independent exploration into an area of interest, which is externally assessed. All other assessment in the MYP programme at UWC Maastricht is internal.

The International Baccalaureate Diploma Programme at UWC Maastricht is designed for students aged 16 to 19. Over two years, IB Diploma students study six subjects of their choice, three at standard level and three at higher level. Students also complete three core elements: Theory of Knowledge (TOK), Extended Essay (EE) and Creativity, Activity, Service (CAS). Subject offerings in the IB Diploma Programme:

IBCP students at UWC Maastricht study the SUMAS* Career-related study in Sustainable Business as well as two to four Diploma subjects selected from the list in the table above. In addition, students are required to complete four IBCP core components: Personal and Professional Skills, Service Learning, a Reflective Project and Language Development. Our first cohort of IBCP students will graduate in May 2024.
